RESPONSE TO RESTRICTION REQUIREMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the non-final Office Action dated May 16, 2005, in which a restriction requirement was made, the claims of Group I (1-12 and 16-33) are hereby elected, with traverse.

Applicant traverses the restriction because the Office Action fails to present an appropriate basis for restriction. The Office Action appears to assert that claim limitations written in non-identical language identify differing utilities and thereby provide a basis for restriction. This rationale, however, would apply to any combination of independent claims where one independent claim is written more narrowly than another independent claim. This was never the intention for requiring restriction under MPEP § 806.05(d).

Reconsideration and withdrawal of the restriction requirement is respectfully requested. If the Examiner has any questions or comments, a telephone call to the number indicated below is invited.
